As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

When required by law or determined to be a useful tool to accomplish district and school goals, school site councils or other school advisory groups shall develop comprehensive school plans designed to enhance student achievement at individual school sites.

SCHOOL PLANS/SITE COUNCILS (continued)

The Board shall review and approve each school's single plan for student achievement at a regularly scheduled meeting. The Board also shall review and approve any subsequent revisions that include material changes affecting the academic programs for students participating in these categorical programs. The Board shall certify that, to the extent allowable under federal law, the plan is consistent with district local improvement plans required as a condition of receiving federal funding. (Education Code 64001)

The Superintendent or designee shall ensure that principals and members of each site council receive training on the roles and responsibilities of the site council. To the extent necessary, he/she shall ensure that site councils receive the resources necessary in order to perform their role effectively.

School Site Block Grants

The school's use of the funds allocated through this block grant shall be proposed by the school site council or, if the school does not have a school site council, by a schoolwide advisory group or school support group. (AB 1802, Sec. 43, Statutes of 2006)

The Board encourages school site councils to fund the highest priority needs identified in school improvement plans. The school site council shall provide the Superintendent or designee and the Board with a written proposal that includes a statement of the identified need(s) and how the funds will be used to enhance the educational program.

Before the funds are encumbered or expended, the Board shall approve the site council's proposed use of the funds. If the Board does not approve the proposed use, the Board shall inform the school site council of the reasons for disapproval and request that the council review and revise its proposal. School site councils may function on behalf of other committees in accordance with law. (Education Code 52055.620, 52176, 52870, 54425; 5 CCR 3932)

In developing or revising the single plan, the school site council shall:

1. Measure the effectiveness of current improvement strategies at the school

The school site council shall analyze student performance based on state and local data, identify significant low performance among all student groups, and analyze instructional programs to determine program areas that need to be addressed in order to raise performance of student groups not meeting academic standards.

(cf. 6011 - Academic Standards)

2. Seek input from other school advisory committees as appropriate
3. Reaffirm or revise school goals to serve as a basis for school improvement activities and expenditures
4. Revise improvement strategies and expenditures

The school site council shall specify actions to be taken, dates by which actions are to be started and completed, expenditures needed to implement the action, the funding source, anticipated annual performance growth for each student group, and the means that will be used to evaluate progress toward each goal.

5. Approve and recommend the plan to the Governing Board

The Superintendent or designee and the principal shall implement the strategies in the single plan and report to the school site council and the Board regarding progress toward school goals. The school site council shall monitor the implementation and effectiveness of the single plan and modify any activities that prove ineffective.

School Plans for Categorical Block Grants

Whenever a school participates in the state's categorical block grant programs for student retention and/or school and library improvement, the school site council shall develop a plan which shall include, but need not be limited to: (Education Code 41507, 41572)

CHARTER SCHOOLS

The Governing Board believes that charter schools provide one opportunity to implement school-level reform and to support innovations which improve student learning. These schools shall operate under the provisions of their charters, federal laws, specified state laws, and general oversight of the Board.

The Superintendent or designee may work with charter school petitioners prior to the formal submission of the petition in order to gather information about the proposal and suggest components that would align the petition with the district's vision and goals for student learning. As needed, he/she may work with the petitioners to establish workable plans for technical assistance or contracted services which the district may provide to the proposed charter school.

At his/her discretion, the Superintendent or designee may establish a staff advisory committee to review a submitted petition and the supporting documentation. Such a committee may be used to evaluate the completeness of the proposal, the merits of the proposed educational program, the level of community support, and any concerns that should be addressed by the petitioners. The Superintendent or designee shall also consult with legal counsel as appropriate regarding compliance of the proposal with legal requirements.

(cf. 1220 - Citizen Advisory Committees)

In determining whether to grant or deny a charter, the Board shall carefully review the proposed charter and any supplementary information, consider public and staff input, and determine whether the charter petition adequately addresses all the provisions required by law. The Board shall not deny a charter school petition unless specific written factual findings are made pursuant to law and administrative regulation.

The Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the district and the charter school. Any such memorandum of understanding shall be annually reviewed by the Board and charter school and adjusted as necessary.

The Board shall ensure that any charter granted by the Board contains adequate processes and measures for holding the school accountable for fulfilling the terms of its charter. These shall include, but not be limited to, fiscal accountability systems, multiple measures for evaluating the educational program, and regular reports to the Board.

CHARTER SCHOOLS

Petition Signatures

To be considered by the Governing Board, a petition for the establishment of a charter school within the district must be signed by one of the following: (Education Code 47605)

1. A number of parents/guardians equivalent to at least one-half of the number of students that the charter school estimates will enroll in the charter school for its first year of operation
2. A number of teachers equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation

If the charter petition calls for an existing public school to be converted to a charter school, the petition must be signed by at least 50 percent of the permanent status teachers currently employed at the school. (Education Code 47605)

(cf. 4116 - Permanent/Probationary Status)

In circulating a petition, the petitioners shall include a prominent statement explaining that a signature means that the parent/guardian is meaningfully interested in having his/her child attend the charter school or, in the case of a teacher's signature, that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition. (Education Code 47605)

Components of Charter Petition

A charter petition shall include affirmations of the conditions described in Education Code 47605(d) as well as descriptions of all of the following: (Education Code 47605, 47611.5)

1. The educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling students to become self-motivated, competent, and lifelong learners.
2. The measurable student outcomes identified for use by the charter school. *Student outcomes* means the extent to which all students of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program.
3. The method by which student progress in meeting those student outcomes is to be measured.

CHARTER SCHOOLS (continued)

4. The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parent/guardian involvement.
5. The qualifications to be met by individuals to be employed by the school.
6. The procedures that the school will follow to ensure the health and safety of students and staff. These procedures shall include the requirement that each school employee furnish the school with a criminal record summary as described in Education Code 44237.
7. The means by which the school will achieve a racial and ethnic balance among its students that is reflective of the general population residing within the district's territorial jurisdiction.
8. Admission requirements, if applicable.
9. The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the Board.
10. The manner by which staff members of the charter school will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.
11. A description of the rights of any district employee upon leaving district employment to work in a charter school and of any rights of return to the district after employment at a charter school.
12. The procedures to be followed by the charter school and the Board to resolve disputes relating to charter provisions.
13. A declaration as to whether or not the charter school shall be deemed the exclusive public school employer of the school's employees for purposes of collective bargaining under Government Code 3540-3549.3.
14. The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the school, including plans for disposing of any net assets and for the maintenance and transfer of student records.

Charter school petitioners shall provide information to the Board regarding the proposed operation and potential effects of the school, including, but not limited to: (Education Code 47605)

CHARTER SCHOOLS (continued)

1. The facilities to be used by the school, including where the school intends to locate

(cf. 7160 - Charter School Facilities)

2. The manner in which administrative services of the school are to be provided
3. Potential civil liability effects, if any, upon the school and district
4. Financial statements that include a proposed first-year operational budget, including start-up costs and cash-flow and financial projections for the first three years of operation

Location of Charter School

Unless otherwise exempted by law, any charter petition submitted to the Board on or after July 1, 2002, shall identify a single charter school that will operate within the geographic boundaries of the district.

Charter Approval/Denial

Within 30 days of receiving a petition to establish a charter school, the Board shall hold a public hearing to determine the level of support for the petition by teachers, other employees of the district, and parents/guardians. (Education Code 47605)

(cf. 9320 - Meetings and Notices)

Within 60 days of receiving a petition, or within 90 days with the consent of the petitioners and the Board, the Board shall either grant or deny the request to establish a charter school. (Education Code 47605)

The Board shall grant the charter if doing so is consistent with sound educational practice. A charter shall be denied only if the Board presents written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605)

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain the number of signatures required.

CHARTER SCHOOLS (continued)

4. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).
5. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b) listed in "Components of Charter Petition" above.

The Board shall not grant any charter that authorizes the conversion of a private school to a charter school. (Education Code 47602)

The Board shall not approve any charter petition that proposes to serve students in a grade level that is not served by the district, unless the petition proposes to serve students in all the grade levels served by the district. (Education Code 47605)

The Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll disabled students who reside outside the special education local plan area (SELPA) in which the district participates. (Education Code 47605.7, 47647)

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)

In granting charter petitions, the Board shall give preference to schools best able to provide comprehensive learning experiences for academically low-achieving students according to standards established by the California Department of Education (CDE) under Education Code 54032. (Education Code 47605)

The Board may initially grant a charter for a specified term not to exceed five years. (Education Code 47607)

It shall be the responsibility of the petitioners to provide written notice of the Board's approval and a copy of the charter to the County Superintendent, the CDE, and the State Board of Education (SBE). (Education Code 47605)

Material Revisions

Material revisions to a charter may be made only with Board approval. Material revisions shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed. (Education Code 47607)

CHARTER SCHOOLS (continued)

Renewals

A charter school seeking renewal of its charter shall submit a written request to the Board at least 120 days before the term of the charter is due to expire.

At least 90 days before the term of the charter is due to expire, the Board shall conduct a public hearing to receive input on whether or not to extend the charter. At least 60 days before the expiration date, the Board shall either grant or deny the request for renewal.

Renewals shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed. (Education Code 47607)

In addition, beginning on January 1, 2005, or after a charter school has been in operation for four years, whichever is later, a charter school shall meet at least one of the following criteria prior to receiving a charter renewal: (Education Code 47607)

1. The charter school attains its Academic Performance Index (API) growth target in the prior year or in two of the last three years, or in the aggregate for the prior three years.
2. The charter school ranks in deciles 4-10 on the API in the prior year or in two of the last three years.
3. The charter school ranks in deciles 4-10 on the API for a demographically comparable school in the prior year or in two of the last three years.
4. The Board determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school students would otherwise have been required to attend, as well as the academic performance of district schools, taking into account the composition of the student population that is served at the charter school.

The Board's determination shall be based on documented, clear, and convincing data; student achievement data from the Standardized Testing and Reporting Program, and any other available assessments, for demographically similar student populations in comparison schools; and information submitted by the charter school. The Board shall submit to the SPI copies of supporting documentation and a written summary of the basis for its determination.

A charter renewal may not be granted to a charter school prior to 30 days after the school submits related materials.

CHARTER SCHOOLS (continued)

Each renewal shall be for a period of five years. (Education Code 47607)

Revocations

The Board may revoke a charter whenever it finds, through a showing of substantial evidence, that the charter school has done any of the following: (Education Code 47607)

1. Committed a material violation of any of the conditions, standards, or procedures set forth in the charter
2. Failed to meet or pursue any of the student outcomes identified in the charter
3. Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement
4. Violated any provision of law

Prior to revocation, the Board shall notify the charter school of any violation(s) listed in items #1-4 above and give the school a reasonable opportunity to remedy the violation(s) unless the Board determines, in writing, that the violation(s) constitutes a severe and imminent threat to the health or safety of the students. (Education Code 47607)

If the charter school does not successfully remedy the above violation(s), the Board shall provide the charter school with a written notice of intent to revoke the charter and notice of facts in support of revocation. No later than 30 days after providing the notice of intent to revoke the charter, the Board shall hold a public hearing, in the normal course of business, on the issue of whether evidence exists to revoke the charter. No later than 30 days after the public hearing, unless the Board and the charter school agree to a 30-day extension, the Board shall issue its final decision as to whether or not to revoke the charter. The Board shall not revoke a charter unless the action is supported by written factual findings supported by substantial evidence specific to the charter school. A decision to revoke a charter shall be reported to the County Board of Education and the CDE. (Education Code 47607)

Requirements for Charter Schools

In providing general oversight of a charter school, the Board shall determine whether the school meets the legal requirements applicable to charter schools. Each charter school shall:

(Education Code 47605)
 - b. If the number of students who wish to attend the charter school exceeds the school's capacity, attendance shall be determined by a public random drawing. In the event of a drawing, the Board shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet student demand. (Education Code 47605)
 - c. Other admissions preferences may be permitted by the Board on an individual school basis as consistent with law.

Special education means specially designed instruction, provided at no cost to the parent/guardian, to meet the unique needs of individuals with disabilities including a full continuum of program options including instruction conducted in the classroom, in the home, in hospitals and institutions, and other settings, and instruction in physical education to meet the educational and service needs in the least restrictive environment. (Education Code 56300, 56031)

Special education may include each of the following if the services otherwise meet the definition in the above paragraph: (Education Code 56031)

Specially designed instruction means adapting the content, methodology, or delivery of instruction to address the unique needs of the student that result from the student's disability and to ensure access of the student to the general curriculum, so that the student can meet the educational standards that apply to all students in the district. (34 CFR 300.39)

COMPREHENSIVE LOCAL PLAN FOR SPECIAL EDUCATION (continued)

- (cf. 0520.2 - Title I Program Improvement Schools)*
- (cf. 0520.3 - Title I Program Improvement Districts)*
- (cf. 6162.5 - Student Assessment)*

SCHOOL ACCOUNTABILITY REPORT CARD

The Governing Board recognizes its responsibility to inform parents/guardians and the community about the conditions, needs, and progress at each district school and to provide data by which parents/guardians can make meaningful comparisons between schools. The process of gathering and analyzing data also provides opportunities for school and district staff to review achievements and identify areas for improvement.

The Board shall annually issue a school accountability report card (SARC) for each school site. (Education Code 35256)

In preparing the district's report cards, the Superintendent or designee may choose to use or adapt the model template provided by the California Department of Education. At least every three years, the Board shall compare the content of the district's report cards to the state's model template, recognizing that variances are allowed by law as necessary to meet local needs. (Education Code 33126.1, 35256)

The Board shall annually approve the SARCs for all district schools and shall evaluate the data contained in the SARCs as part of the Board's regular review of the effectiveness of the district's programs, personnel, and fiscal operations.

(cf. 0500 - Accountability)
(cf. 6190 - Evaluation of the Instructional Program)
(cf. 9000 - Role of the Board)

The Superintendent or designee shall develop strategies for communicating the information contained in the SARCs to all stakeholders, including opportunities for staff and the community to discuss their content.

(cf. 0420 - School Plans/Site Councils)
(cf. 1100 - Communication with the Public)
(cf. 1112 - Media Relations)

Notification and Dissemination of SARCs

The Superintendent or designee shall annually publicize the issuance of the SARCs and notify parents/guardians that a paper copy will be provided upon request. On or before February 1 of each year, the Superintendent or designee shall make the SARCs available in paper copy and on the Internet. (Education Code 35256)

(20 USC 6316)

(cf. 0510 - School Accountability Report Card)

(cf. 6190 - Evaluation of the Instructional Program)

The Board and Superintendent or designee also shall review the effectiveness of the actions and activities carried out by PI schools with respect to parental involvement, professional development, and other PI activities. (20 USC 6316)

(cf. 4131 - Staff Development)

(cf. 6020 - Parent Involvement)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

As necessary based on the results of these evaluations, the Board may require the Superintendent or designee to review and revise any of the school's reform plans, including the school's Single Plan for Student Achievement, allocate additional resources toward the implementation of the plan, and/or require more frequent monitoring of the school's progress in order to raise student achievement.

TITLE I PROGRAM IMPROVEMENT SCHOOLS

Definitions

Adequate yearly progress (AYP) is a series of annual academic performance goals, as defined by the State Board of Education, that incorporate student participation levels on state assessments, minimum required percentages of students scoring at the proficient level or above on English language arts and mathematics state assessments, high school graduation rates, and growth on the state's Academic Performance Index (API).

(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)

Numerically significant subgroups include economically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and students with limited English proficiency, when the number of students in the subgroup is sufficient to yield statistically reliable results. (20 USC 6311)

Program improvement (PI) school is a school receiving federal Title I funds that has failed to make AYP for each of two consecutive school years in the same content area (i.e., English-language arts or mathematics) schoolwide or for any numerically significant subgroup, or has failed to make AYP on the same additional indicator (i.e., API for all schools) schoolwide.

Year 1 Program Improvement

When any Title I school is identified for Year 1 PI: (20 USC 6316)

1. The Superintendent or designee shall provide students enrolled in the school the option of transferring to another district school or charter school that has not been identified for PI, as described below under "Student Transfers."

(cf. 0420.4 - Charter Schools)

2. The principal and school community shall revise the school's Single Plan for Student Achievement in accordance with 20 USC 6316, and present it for approval by the Governing Board.

(cf. 0420 - School Plans/Site Councils)
(cf. 6171 - Title I Programs)

3. The school shall implement the plan no later than the beginning of the next full school year following the school's identification for PI, or, if the plan has not been approved prior to beginning the school year, immediately upon approval of the plan. (20 USC 6316)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

4. As the school develops and implements the school plan, the Superintendent or designee shall ensure that the school receives technical assistance either from the district, the California Department of Education (CDE), an institution of higher education, a private organization, an educational service agency, or another entity with experience in helping schools improve academic achievement, including assistance in: (20 USC 6316)
 - a. Analyzing data from state assessments and other examples of student work to identify and address problems in instruction and/or problems in implementing Title I requirements pertaining to parent involvement, professional development, or school and district responsibilities identified in the school plan
 - b. Identifying and implementing professional development, instructional strategies, and methods of instruction that are based on scientifically based research and that have proven effective in addressing the specific instructional issues that caused the school to be identified for PI
 - c. Analyzing and revising the school's budget so that the school's resources are more effectively allocated to the activities most likely to increase student achievement and remove the school from PI status

(cf. 3100 - Budget)

Year 2 Program Improvement

For any Title I school that fails to make AYP by the end of the first full school year after being identified for PI, the Superintendent or designee shall: (20 USC 6316)

1. Continue to provide all students enrolled in the school the option of transferring to another district school or charter school that has not been identified for PI, as described below under "Student Transfers"
2. Arrange for the provision of supplemental educational services to eligible students from low-income families by a provider with a demonstrated record of effectiveness, as described below under "Supplemental Educational Services"
3. Continue to provide for technical assistance

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)**Year 3 Program Improvement: Corrective Action**

When a school continues to fail to make AYP by the end of the second full school year after identification for PI (four consecutive years of failure to make AYP), the Superintendent or designee shall continue to provide all elements of Year 1 and Year 2 PI. In addition, the Board shall take at least one of the following corrective actions: (20 USC 6316)

1. Replace school staff relevant to the failure

(cf. 4113 - Assignment)

2. Implement a new curriculum and related professional development

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

3. Significantly decrease management authority at the school level

4. Appoint an outside expert to advise the school

5. Extend the school year or school day for the school

(cf. 6111 - School Calendar)

6. Restructure the internal organization of the school

Year 4 Program Improvement and Beyond: Restructuring

For any school that continues to fail to make AYP after one full year of corrective action, the Superintendent or designee shall continue to provide all students enrolled in the school with the option to transfer to another district school or charter school and continue to make supplemental educational services available to eligible students who remain in the school. In addition, the Board shall develop a plan and make necessary arrangements to implement one of the following options for alternative governance and restructuring, consistent with state law: (20 USC 6316)

1. Reopen the school as a charter school

2. Replace all or most of the school staff relevant to the failure

3. Enter into a contract with an entity with a demonstrated record of effectiveness to operate the school

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

4. Turn the operation of the school over to the CDE
5. Institute any other major restructuring of the school's governance arrangements that makes fundamental reforms

Notifications

Whenever a school is identified for PI, corrective action, or restructuring, the Superintendent or designee shall promptly notify parents/guardians of students enrolled in that school. The notification shall include: (20 USC 6316; 34 CFR 200.37)

1. An explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary or secondary schools in the district and state
2. The reasons for the identification
3. An explanation of what the school is doing to address the problem of low achievement
4. An explanation of what the district or state is doing to help the school address the achievement problem
5. An explanation of how parents/guardians can become involved in addressing the academic issues that caused the school to be identified for PI
6. An explanation of the option to transfer to another district school or charter school as described below under "Student Transfers"
7. If the school is in Year 2 of PI or beyond, an explanation of how parents/guardians can obtain supplemental educational services for their child as described below under "Supplemental Educational Services"

(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall disseminate information about corrective actions taken at any district school to the parents/guardians of each student in that school and to the public through such means as the Internet, the media, and public agencies. (20 USC 6316)

The Superintendent or designee shall promptly notify teachers and parents/guardians whenever a school is identified for restructuring and shall provide them adequate opportunities to comment before taking action and to participate in developing any plan for restructuring school governance. (20 USC 6316)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

All notifications pertaining to PI shall be written in an understandable and uniform format and, to the extent practicable, in a language the parents/guardians can understand. (20 USC 6316)

To the extent practicable, the district shall partner with outside groups, such as faith-based organizations, other community-based organizations, and business groups, to help inform eligible students and their families of the opportunities to transfer or to receive supplemental educational services. (34 CFR 200.48)

Student Transfers

All students enrolled in a school in Year 1 of PI or beyond shall be provided an option to transfer to another district school or charter school that Has not been identified for PI, corrective action, or restructuring (20 USC 6316; 34 CFR 200.44)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5116.1 - Intradistrict Open Enrollment)

Among these students, priority shall be given to the lowest achieving students from low-income families, as defined by the district for purposes of allocating Title I funds. (20 USC 6316; 34 CFR 200.44)

If two or more district schools are eligible to accept transfers based on criteria listed in items #1-2 above, the district shall provide a choice of more than one such school and shall take into account parent/guardian preferences among the choices offered. (34 CFR 200.44)

School capacity shall not be used to deny transfer opportunities to students. However, the Superintendent or designee may consider capacity in selecting schools that will be offered as alternatives for school choice. The Board may increase capacity in eligible district schools to accommodate all students who wish to transfer.

The transfer option shall be offered so that students may transfer in the school year following the school year in which the district administered the assessments that resulted in the identification of the school for PI, corrective action, or restructuring. In order to provide adequate time for parents/guardians to exercise their transfer option before the school year begins, the Superintendent or designee shall notify parents/guardians of the available school choices sufficiently in advance of, but no later than 14 calendar days before, the start of the school year. (34 CFR 200.37, 200.44)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

Notice of the transfer option shall:

1. Inform parents/guardians that their child is eligible to attend another public school due to the identification of the current school as in need of improvement
2. Identify each public school or public charter school that the parent/guardian can select
3. Explain why the choices made available to the parents/guardians may have been limited
4. Provide information on the academic achievement of the school(s) to which the student may transfer (34 CFR 200.37)
5. Explain the provision of transportation to the new school (34 CFR 200.37)

The notice may include other information about the school(s) to which the student may transfer, such as a description of any special academic programs or facilities, the availability of before- and after-school programs, the professional qualifications of teachers in the core academic subjects, and a description of parent involvement opportunities. (34 CFR 200.37)

(cf. 5148.2 - Before/After School Programs)

In addition to mailing notices directly to parents/guardians, the Superintendent or designee shall provide information about transfer options through broader means, such as the Internet, the media, and public agencies serving students and their families. (34 CFR 200.36)

To ensure that parents/guardians have current information, the district shall prominently display on its web site, in a timely manner each school year, the number of students who were eligible for and who participated in the student transfer option, beginning with data from the 2007-08 school year and each subsequent year thereafter, and a list of available schools to which eligible students may transfer in the current school year. (34 CFR 200.39)

The Superintendent or designee may establish reasonable timelines for parents/guardians to indicate their intent to transfer their child and for the district to notify parents/guardians of the school assignment.

The Superintendent or designee may require parents/guardians to rank-order their preferences from among schools that are eligible to receive transfer students. Parents/guardians may decline their assigned school and remain in their school of origin.

Any student who transfers to another school may remain in that school until he/she has completed the highest grade in that school. However, the district shall not be obligated to

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

provide, or pay for the provision of, transportation for the student after the end of the school year that the school of origin is no longer identified for PI, corrective action, or restructuring. (20 USC 6316; 34 CFR 200.44)

In the event that all district schools are identified for PI, corrective action, or restructuring, the district shall, to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for an interdistrict transfer. (20 USC 6316; 34 CFR 200.44)

(cf. 5117 - Interdistrict Attendance)

Supplemental Educational Services

When required by law, supplemental educational services shall be provided outside the regular school day and shall be specifically designed to increase achievement of eligible students from low-income families on state academic assessments and to assist them in attaining state academic standards. (20 USC 6316)

(cf. 6011 - Academic Standards)

(cf. 6179 - Supplemental Instruction)

When a school is required to provide supplemental educational services, the Superintendent or designee shall annually notify parents/guardians of: (20 USC 6316; 34 CFR 200.37)

1. The availability of supplemental educational services
2. The identity of approved providers that are within the district or are reasonably available in neighboring local educational agencies
3. The services, qualifications, and demonstrated effectiveness of each provider, including an indication of those providers who are able to serve students with disabilities or limited English proficiency
4. The benefits of receiving supplemental educational services

In addition, the notification shall describe procedures and timelines that parents/guardians must follow to select a provider.

This notification shall be clearly distinguishable from other information sent to parents/guardians regarding identification of the school for PI, corrective action, or restructuring. (34 CFR 200.37)

To ensure that parents/guardians have current information, the district shall prominently display on its web site, in a timely manner each school year, the number of students who

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

were eligible for and who participated in supplemental educational services, beginning with data from the 2007-08 school year and each subsequent year thereafter, a list of state-approved providers serving the district in the current year, and the location where services are provided. (34 CFR 200.39)

The Superintendent or designee shall distribute sign-up forms for supplemental educational services directly to all eligible students and their parents/guardians and make them available and accessible through broad means of dissemination such as the Internet, other media, and communications through public agencies serving eligible students and their families. (34 CFR 200.48)

The district shall provide a minimum of two enrollment windows, at separate points in the school year, that are of sufficient length to enable parents/guardians of eligible students to make informed decisions about requesting supplemental educational services and selecting a provider. (34 CFR 200.48)

Eligible supplemental services providers shall be given access to school facilities, using a fair, open, and objective process, on the same basis as other groups that seek access to school facilities. (34 CFR 200.48)

(cf. 1330 - Use of School Facilities)

Within a reasonable period of time established by the Superintendent or designee, parents/guardians shall select a service provider from among those approved by the SBE. Upon request, the Superintendent or designee shall assist parents/guardians in choosing a provider. (20 USC 6316; 34 CFR 200.46)

When the district is an approved service provider, the Superintendent or designee shall be careful to provide parents/guardians with a balanced presentation of the options available to them and shall ensure that they understand their right to select the district or any other service provider.

The Superintendent or designee shall ensure that eligible students with disabilities, students covered under Section 504 of the federal Rehabilitation Act, and students with limited English proficiency receive appropriate supplemental educational services with any necessary accommodations or language assistance. (34 CFR 200.46)

(cf. 6159 - Individualized Education Program)

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

(cf. 6164.6 - Identification and Education Under Section 504)

(cf. 6174 - Education for English Language Learners)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

If no provider is able to make the services available to such students, the district shall provide these services with necessary accommodations or language assistance, either directly or through a contract. Supplemental educational services shall be consistent with a student's individualized education program (IEP) or Section 504 services plan.

If available funds are insufficient to provide supplemental educational services to each eligible student whose parents/guardians request those services, priority shall be given to the lowest achieving eligible students. (20 USC 6316)

If the number of parents/guardians selecting a particular provider exceeds the capacity of that provider, priority shall be given to the lowest achieving eligible students.

Once a provider has been selected by a parent/guardian, the Superintendent or designee shall enter into an agreement with the provider. The agreement shall: (20 USC 6316)

1. Require the district to develop, in consultation with the parents/guardians and the provider, a statement of specific achievement goals for the student, how the student's progress will be measured, and a timetable for improving achievement. In the case of a student with disabilities, the statement shall be consistent with the student's IEP.
2. Describe how the student's parents/guardians and teacher(s) will be regularly informed of the student's progress.
3. Provide for the termination of the agreement if the provider is unable to meet such goals and timetables.
4. Contain provisions with respect to the district making payments to the provider.
5. Prohibit the provider, without written parent/guardian permission, from disclosing to the public the identity of any student eligible for or receiving supplemental educational services.

TITLE I PROGRAM IMPROVEMENT DISTRICTS

The Governing Board shall annually review and analyze the district's performance in making adequate yearly progress (AYP) toward student achievement standards, in accordance with criteria established by the State Board of Education (SBE). The Board's review shall include an evaluation of whether district improvement efforts are aligned and adequately focused on increasing achievement levels for all students. As necessary, the Board and the Superintendent or designee shall take steps to improve district operations and programs to enable students to achieve proficiency.

(cf. 0500 - Accountability)

(cf. 6011 - Academic Standards)

(cf. 6162.51 - Standardized Testing and Reporting Program)

Year 1-2 PI: Revision and Implementation of LEA Plan

In the event that the district is identified for PI by the CDE, the Superintendent or designee shall, in accordance with law and administrative regulation, notify parents/guardians, administer a district self-assessment process, and revise the LEA plan. (20 USC 6316; Education Code 52055.57)

The revised LEA plan or plan addendum shall be approved by the Board and submitted to the CDE. The Superintendent or designee shall regularly report to the Board regarding the implementation of the plan during Years 1 and 2 of the program.

The Superintendent or designee shall utilize available state and local resources to identify specific problems contributing to low student achievement and provide technical assistance and support to resolve those problems. He/she also shall work closely with individual school sites to raise student achievement in accordance with school plans.

(cf. 0520.1 - High Priority Schools Grant Program)

(cf. 0520.2 - Title I Program Improvement Schools)

Year 3 PI: Corrective Action

If the district does not make AYP after two years of receiving program funding, the Board shall cooperate with the Superintendent of Public Instruction (SPI) and the SBE in the identification and implementation of appropriate corrective actions.

The Board shall enter into a contract with a district assistance and intervention team (DAIT) whenever the SPI and SBE determine this to be the most appropriate corrective action. Upon receiving a report of recommendations from the DAIT: (Education Code 52055.57, 52059)

1. The Board may, not later than 30 days after completion of the report, appeal to the SPI to be exempted from implementing one or more of the report's recommendations.

TITLE I PROGRAM IMPROVEMENT DISTRICTS (continued)

2. Not later than 60 days after completion of the report, the Board shall, at a regularly scheduled meeting, adopt the report recommendations, as modified by any exemptions granted by the SPI.

The Superintendent or designee shall establish a district leadership team to collaborate with the DAIT in the development and implementation of an action plan to address high-priority needs. This team may include site and district administrators, teacher leaders, special education teachers, English learner experts, fiscal officers, and other key personnel, as appropriate.

The Board and the Superintendent or designee shall monitor the district's progress in implementing the DAIT's recommendations and shall continually use student performance data to determine whether additional district or school site changes are necessary to improve student achievement.

The Superintendent or designee, the DAIT, and/or the County Superintendent shall provide testimony and written data sufficient for the SBE to determine whether an alternative corrective action is needed. (Education Code 52055.57)

QUALITY EDUCATION INVESTMENT SCHOOLS

The Governing Board believes that schools demonstrating the lowest performance on state indicators of student achievement should be assisted with additional resources and support focused on instructional improvement and student services. Such schools also need working conditions and learning environments that will attract and retain well-qualified teachers, administrators, and other staff. The Board desires to help such schools address their complex educational needs and achieve their annual growth targets.

Whenever the Superintendent of Public Instruction identifies a district school as ranking in decile 1 or 2 on the Academic Performance Index (API) and notifies the district that the school is eligible to participate in the state's Quality Education Investment program, the Board shall determine whether applying for this funding will help improve academic achievement at that school. The Superintendent or designee shall review the program requirements and recommend to the Board if it would be in the district's best interest to apply to use alternative program requirements that would provide for a higher level of academic achievement. Based on this determination, the Board may submit an application, including an application for an alternative program, on behalf of the school in order to obtain additional state funding for school improvement.

The Superintendent or designee shall ensure that each participating school uses program funds for the purposes expressed in law and administrative regulation. Activities carried out under this program shall be aligned with other school improvement efforts.

(cf. 0420 - School Plans/Site Councils)

(cf. 0520.1 - High Priority Schools Grant Program)

(cf. 0520.2 - Title I Program Improvement Schools)

(cf. 0520.3 - Title I Program Improvement Districts)

The Board shall monitor the progress of participating schools to evaluate the effectiveness of school efforts in increasing student achievement, as measured by the API and other indicators, increasing student attendance, and, for secondary schools, increasing graduation rates. If the Board determines that sufficient progress is not being made at a particular school, the Board and Superintendent or designee shall determine what types of additional district resources and support should be provided to the school so that progress in increasing student achievement can be made.
